Dear Mr. Marlier:

During a recent visit of Mr. George H. Clapp of your city, he told me of your Collection and stated that he thought it included a considerable proportion of Greek coins. I am wondering whether you have any Maroneia tetradrachms? Also, whether you have any of the coins of Metapontum or Mende? I, myself, am personally interested in the last two, and one of our members is working on a monograph relating to the Thracian issues.

If you have any of these pieces, they may be of importance to us.

Thanking you for your co-operation,

Very truly yours,

Secretary

Dear Sir;

Replying to your favor of the 10th inst, I desire to state that there are several coins of Metapontum in my collection entirely at your service but I do not own any of the other pieces mentioned.

With kindest regards and best wishes for the festive season, I am

Dear Mr. Marlier:

Thank you for your letter of the 23rd and for your kind wishes.

If you could conveniently send me wax impressions of the Metapontum coins you mention, I should be very glad indeed to have them.

I am wondering whether you would care to consider becoming a Fellow of our Society. As you probably know, the dues are but Fifteen dollars, although for out-of-town members the advantage is not great, the title is vested in the Fellows and we are inviting into Fellowship only those who have shown signs of being real numismatists.

If the above suggestion appeals to you, it would give me pleasure to present your name at the next meeting of our Council.

Very truly yours,

Secretary

Dear Mr Noe:

I sincerely regret delay in replying to your letter which was entirely unavoidable

Am sending you by this mail the coins referred to in my last letter believing you would find it more satisfactory than the wax impressions.

In reference to your suggestion or rather invitation to become a Fellow of your Society, have decided to postpone the matter until next year.

You may, if you please, propose my name at that time and mail me bill for the years dues.

Yours very truly
Geo. F. Marlier

Dear Mr. Marlier:

Thank you for your letter. The coins reached me today. It is, of course, much better to have them than the reproductions, but I had not thought to put you to the trouble of sending them. I shall be unable to return them until the latter part of next week. I trust that this will in no way inconvenience you.

I note that you write that we may propose your name as a Fellow next year. I shall place your letter on file; but please do not let us overlook having this done when the time comes.

Very truly yours,

Secretary

Dear Mr. Marlier:

Please pardon the delay in returning the Metapontum coins which you so kindly sent us.

The double relief piece is of a not unusual type, but the other two - both the stater and the fraction, are of the earliest issue of the city, and both very desirable specimens.

If I ever get to Pittsburgh, I shall hope to have the pleasare of seeing your collection and meeting you personally. In the meantime, thanking you again for your courtesy in sending these pieces to me for examination,

Very truly yours,

Enc.

Dear Mr. Marlier:

In a letter on a former occasion, February 10, 1926, you wrote that you would be glad to consider the invitation to become a Fellow of this Society if there was a vacancy after 1927. May I say that, owing to a number of deaths during the past year this condition has now been fulfilled, and if you care to permit me to present your name at the next meeting of the Council I shall be very glad to take the necessary steps.

Very truly yours,

Secretary
